Important

Citadel Miniatures are intended for collectors, modellers and gamers.

They are not Toys

Our plastic miniatures are not suitable for children under 36 months due to small parts
and essential pointed components

Our metal models contain lead which can be harmful if ingested, but there is no real danger if
you are sensible. Please follow these simple instructions:

Do not put them in your mouth or lick them.

Do not buy them for or give them to small children.

Our metal miniatures should never be given to children under the age of 14 years, nor to anyone
you cannot trust not to suck them.

Citadel miniatures are supplied unpainted and without banners. For painting your miniatures we
recommend Citadel paints and brushes. Where our models require construction, we recommend
you use Citadel Polystyrene Cement and Citadel Superglue.

GAMES WORKSHOP®

INTRODUCTION

Welcome to the new Citadel Catalogue, a comprehensive listing of Citadel Miniature's range of plastic and metal models.

Citadel Miniatures

Citadel Miniatures manufacture the largest range of metal and plastic gaming miniatures in the world. We make an extensive range of high-quality miniatures and model kits for collectors, modellers and gamers.

What's more, everybody involved with the design of one of our new miniatures is a keen gamer – from the person who develops the initial concept, through the designer of the original model to the guy who does the final casting in white metal. Citadel Miniature are made *by gamers for gamers*. Along every step of the way, the miniatures are carefully examined to make sure that they are as good as we can make them.

But, up until now, there was no way to tell exactly what we made. The Citadel Catalogue is designed to change that. The two volumes you hold in your hands are the product of months and months of hard work. Now, for the first time, nearly all of our available miniatures have been compiled together into one place.

We have split the catalogue into two sections for a couple of reasons. The first is that by making the catalogue two volumes, we could separate the Warhammer 40,000 and Warhammer Fantasy miniatures. That way it will be even easier to find the model you want.

Second, at nearly 360 pages the Citadel Catalogue would be so huge if it were one book, that it would push the limits of the binding processes that our printers use. The weight of the pages alone would mean that heavy use would tend to weaken the book's spine and would cause the pages to drop out. As the catalogue will be referred to constantly, and take much more wear and tear than a normal book, we decided to split it into two sections to make it as durable as the printing and binding process allows.

JES GOODWIN

Updating The Catalogue

Of course, while the catalogue was up-to-date when it went to be printed, this won't remain true for very long! As our designers are creating new miniatures at the rate of 3 or 4 a day the Citadel Catalogue will never be fully complete.

Therefore, new catalogue pages will appear each month in White Dwarf magazine, along with articles on collecting, painting, modelling and gaming with Citadel Miniatures. If you keep your catalogue in a box file as we suggest, you can then add the new pages to your collection as they appear in White Dwarf and keep them ready to hand. White Dwarf is available at all Games Workshop stores, from hobby shops and all good newsagents.

As a reference source for Citadel Miniatures the catalogue does everything we wanted – every single miniature is presented in all its glory. As a source to choose your wargame army, you'll find the catalogue is unparalleled.

As the catalogue contains an example of nearly every single model that we make, it is an invaluable aid to anyone who collects Citadel Miniatures. With it you can plan your purchases, and find exactly the right model for your army.

How the Citadel Catalogue Works

To make it easy to find what you require, the Catalogue has been split up into two volumes: Warhammer 40,000 miniatures and Games Workshop Games are in the first volume, and Warhammer Fantasy Miniatures are in the second. Within these sections, the models or games are further split up into product and range. The Space Orks range, for instance, is a complete set of pages within the Warhammer 40,000 section, while all of the models for Mighty Empires are collected together in the Warhammer Fantasy section.

Each model within a range is illustrated at actual size (unless otherwise noted), so you can see exactly what the model looks like before you buy. Where appropriate, each model has been shown on a plastic slottabase of the correct size for use in our games. When you buy a model you'll automatically get the correct size slottabase you need.

Many of our models now come with separate arms and weapons. Where possible we've illustrated these on the same page, or given examples of the completed models. The plastic arm and weapons which we haven't had room to show on the model's page, but that we have referred to in the model's description, are shown on page 112. The correct sprues will be included automatically when you buy the model.

Some of our more complicated models are made of a large number of pieces. So that you can see exactly what you get with these models, we have illustrated each component separately as well as showing the completed model. We have also included construction diagrams where it isn't obvious how the models go together.

Note that our complicated multi-part models are intended for enthusiasts and you really do require a moderate level of skill to assemble them. They can certainly prove too difficult for young or inexperienced modellers. Please do not order if you are uncertain of your skill!

How to Buy Citadel Miniatures

All of the models illustrated in the Catalogue are readily available throughout Games Workshop stores and good hobby shops.

The best way to buy Citadel Miniatures is to go to a Games Workshop or other hobby store and look at the racks of miniatures. That way you'll be able to examine the models closely and at first hand. Games Workshop staff, who are all gamers and collectors like you, will be more than happy to help you choose exactly which miniatures you require, or offer advice on how to prepare and paint your models.

Every Games Workshop Store has a wide selection of painted models, and runs regular painting and modelling sessions for both beginners and experts.

A Final Word

We've spent a very long time putting the catalogue together. At times we thought we'd never get it finished. Many months of hard work have gone into what we believe is the definitive collection of gaming miniatures in the world.

We're sure that the Citadel Catalogue will be an invaluable guide to every single Warhammer gamer, collector and modeller. We hope you agree.

IMPORTANT

Citadel Miniatures are intended for collectors, modellers and gamers.

THEY ARE NOT TOYS.

Our metal models contain lead which can be harmful if ingested, but there is no real danger if you are sensible. Please follow these simple instructions:

- Please do not put them in your mouth or lick them.
- Do not buy them for or give them to small children.

Our miniatures should never be given to children under 14, nor to older children who you cannot trust not to suck them.

Citadel Miniatures are supplied unpainted and without banners. For painting your miniatures we recommend you use Citadel paints and brushes. Where our models require construction, we recommend you use Citadel Polystyrene Cement and Citadel Superglue. For Citadel paints, brushes and glues see page 156.

In the last 5000 years the design of Space Marine armour has evolved through many stages, from Mark 1 to the Mark 8. Many Chapters still use all the different types, with the early models regarded as the Chapters Heirlooms. These early armours, once worn by the Chapter's greatest heroes, have been embellished by the Chaplains Artificers, who create the Chapters equipment and honour badges. The following pages show Space Marines in one or other of the variant types of Armour

RHINO & PREDATOR

The Imperial warrior is part of the most potent fighting force of the 41st Millennium. That force must be ready to move at a moment's notice, to meet and defeat the enemies of Mankind throughout the galaxy. Their battlefield transport is the Rhino Armoured Personnel Carrier, a vehicle tough enough to take a full squad to the heart of the fighting whilst packing the considerable punch of twin Bolt Gun.

EACH RHINO KIT CONSISTS OF:
2 x RHINO TRACK SPRUES
2 x RHINO CHASSIS SPRUES

The Predator is the Imperium's assault tank, combining highly effective firepower with mobility. Designed around the standard Rhino APC chassis, the Predator is armed with a pair of las-cannon and a turret-mounted auto-cannon. It is widely used by both the Space Marines and the Imperial Guard as an assault vehicle, breaking through enemy lines at the head of the advancing troops or moving rapidly across the battlefield using its heavy firepower to stop the enemy dead.

EACH PREDATOR KIT CONSISTS OF:
1 x PREDATOR CHASSIS SPRUE
1 x RHINO CHASSIS SPRUE
2 x RHINO TRACK SPRUES

FANTASY GAMES

Games Workshop's Fantasy Games are specially designed to appeal to people looking for an introduction to the fantasy gaming hobby, and make great presents for your younger brother. Games Workshop fans will instantly recognise the plastic Citadel Miniatures from such games as Advanced Heroquest and Blood Bowl. In fact, you can use the models from these introductory games in any of the other Games Workshop hobby games.

SPACE FLEET

The Imperium of Man encompasses almost the entire galaxy, a glittering circle of stars nearly ninety thousand light years from rim to rim. For all its power, this mighty empire of untold billions of human beings is under constant threat from many hostile aliens. Fleets of powerful battlecruisers patrol the stars, warring with the alien ships they constantly encounter. Bristling with lasers, missile launchers and plasma cannon, an Imperial battlecruiser is a match for any vessel, even the sleek and powerful Eldar Wraithships that are their most common enemy.

Space Fleet contains 4 plastic Citadel Miniatures (2 Imperial Gothic Battleships and 2 Eldar Wraithships), 6-piece space map game board, Helm Computer cards, Combat Display cards, Shield and Damage tokens, 4 dice and an easy to follow rules sheet.

0686 Boxed Game (2-4 players aged 8-adult)

MIGHTY WARRIOR

Below the cities of humanity, underneath the deepest drains and sewers, Chaos Ratmen, also known as Skaven, rule a world of caverns and tunnels. They bring plague, fire and death to the prosperous cities of mankind.

Mighty Warriors is a game for two to four players. You can play either the forces of Chaos or a band of Heroic adventurers as they clash in underground battles. Your task is to defeat your opponent by capturing his command room, before he can capture yours!

Mighty Warriors contains 36 plastic Citadel Miniatures (4 Heroes, 12 Henchmen and 20 Skaven), army lists, magic charts, floor plan board tiles, clip-together doors, 4 dice and an easy to follow rules sheet.

0688 Boxed Game (2-4 players aged 8-adult)

ULTRA MARINES

The Imperial Space Marine Scouts stalk through the dark and perilous corridors of the alien spacehulk. Each squad must be the first to retrieve the priceless alien artifacts and return them to their ship. In the heat of war, the Scouts cannot even count other Scouts as their friends. Their Chapter's honour depends upon finding the artifacts first. There is no time to ask for names or identification, and no one can be trusted.

Ultra Marines contains 20 plastic Citadel Miniatures (2 Space Marine Sergeants and 16 Space Marine Scouts), clip together playing board, Imperial Scout data cards, Event cards, artifact counter, hellfire counters, 3 dice and an easy to follow rules sheet.

0691 Boxed Game (2-4 players aged 8-adult)

KERRUNCH

Kerrunch! The title says it all. This is the football game with a difference. Teams of heavily armoured Orcs, Dwarfs, Humans and Elves literally fight their way from one end of the pitch to the other to make those elusive Touchdowns.

The teams clash in a desperate bid to make it to the top of the league where they'll find everlasting fame and fortune. A combination of skilful play, luck and sheer brute strength make this the most exciting game of football you've seen in along time.

Kerrunch contains 24 plastic Citadel Miniatures, plastic footballs, plastic score markers, Team Roster cards, 6-part playing pitch, dug-out, 3 dice and an easy to follow rules sheet.

0690 Boxed Game (2 players aged 8-adult)

WARHAMMER FANTASY ROLEPLAY

WARHAMMER FANTASY ROLEPLAY RULEBOOK

The Old World is a vast and fertile place, filled with teeming cities, Elf-haunted forests and lofty crags where Dwarfs battle with Goblins and their kin. But a shadow hangs over the world, cast by the dark, corrupting hand of Chaos. From the pirate-ridden coast of south Tilea to the fortified villages of the barbaric East, a few heroes strive to hold back the endless tide of Chaos spilling from the North. But Chaos also gnaws from within, and its hidden servants work to bring the world to its knees before the Dark Gods.

Warhammer Fantasy Roleplay is a sophisticated open format game without a conventional board. The game is fully compatible with the huge range of Citadel and Marauder Miniatures. The actions and events take place in the imagination of the players and Gamesmaster. Players adopt the roles of valiant heroes in search of adventure, fighting marauding Orcs and Goblins, and seeking to stem the insidious encroachments of Chaos. The Gamesmaster sets the scene for the players and directs the actions of the Old World's colourful inhabitants.

0020 Softback Rulebook (364 pages: 2 or more players aged 14 to adult)

THE ENEMY WITHIN CAMPAIGN

The Enemy Within Campaign is an epic extended adventure, comprising: Warhammer Adventure, Warhammer City of Chaos, The Restless Dead, Something Rotten in Kislev and Empire in Flames. Each volume is completely self-contained – you don't need to own the early books to be able to play and enjoy the later adventures.

Warhammer Adventure is all you need to start playing Warhammer Fantasy Roleplay in the Old World. It contains three adventures, launching an epic campaign against the forces of Chaos. It also includes handouts, a large full colour poster map of the Western Empire backed with a colour map of the town of Bögenhafen, a rules supplement about river travel and a large Castle plan and area map.

0038 Softback Supplement (224 pages)

Warhammer City of Chaos contains both a detailed guide to Middenheim, the greatest of the Empire's City States, and an exciting adventure set in the city. This book comes complete with maps, a 20 page pull-out section containing player handouts and character reference notes, and a large full colour map of the City.

0039 Softback Supplement (210 pages)

The Restless Dead includes 24 pages of new combat rules, spells and magic items. It provides a set of seven mini-adventures which can be played as one-offs or linked together into a self-contained campaign. It also includes The Grapes of Wrath, a scenario linking Warhammer Adventure and City of Chaos.

0026 Hardback Supplement/Rulebook (104 pages)

Something Rotten In Kislev contains background information on the nation of Kislev and three complete roleplaying adventures, with a colour floorplan and numerous player handouts.

0028 Hardback Supplement (144 pages)

Empire In Flames is the concluding part of the Enemy Within Campaign. The Empire is torn by internal strife, civil war looms, and a symbol of unity must be found before the forces of Chaos triumph forever.

0030 Hardback Supplement (152 pages)

FLAME PUBLICATIONS

Flame Publications publish a range of adventure books, rules expansions and source packs for Warhammer Fantasy Roleplay. From exploration in the underground depths of ruined Dwarf halls to battle against armies of Skeletons; from intrigue in the twisting streets of Marienburg to dark sorcery in mountain fortresses; from advanced game rules to new spells and artifacts.

THE DOOMSTONES CAMPAIGN

The Doomstones Campaign is an epic extended adventure, comprising four books. Each volume is completely self-contained – you don't need to own early books to be able to play and enjoy the later adventures.

Fire in the Mountains: The Yetzin Valley stands at the southern end of a vital pass over the Vaults Mountains. A hundred years ago, the valley was conquered by the Orcs of the Bloodaxe Alliance – theirs, however, was a brief and bloody reign, and is now all but forgotten. A chance discovery in the mountains puts the adventurers on the trail of the Alliance, retracing the last journey of the warrior-priest Torgoch. His path leads the adventurers towards the fabled Crystal of Fire.

0016 Softback Adventure Supplement (104 pages)

Blood in Darkness: The century-old path of a renegade Orc warchief leads through the foothills of the Vaults Mountains to the relics of a mutiny, an ancient Dwarven shrine and a second crystal of power. Finding the shrine is just the beginning – beyond lie age-old Dwarven defences and the tunnels' current dwellers. Blood in Darkness mixes investigation and combat to present Warhammer Fantasy Roleplay adventurers with a constant challenge.

0017 Softback Adventure Supplement (80 pages)

Death Rock: The Orcs of the Bloodaxe Alliance once again threaten the Yetzin Valley. Their target is the great monastery of Eyrie, standing high on a pinnacle of rock above the Winter's Teeth Pass. A century ago it was to Eyrie that the Dwarf-Mage Yazeran fled with the fabled Crystal of Air. Now the adventurers must reach the monastery and find the Crystal before the Orc army, driven on by its sorcerous master, attack. And to succeed, they must first solve the puzzle that Yazeran left behind.

0018 Softback Adventure Supplement (80 pages)

Dwarf Wars: A lost Dwarffold has been found: Kadar-Gravning, Hold of legendary Hagrim, a Dwarf-King without equal. To the Dwarfs there is no greater symbol of rulership than Hagrim's Crown. But finding the crown won't be easy. Large parts of the Hold are in ruins and the Royal Tombs are ringed by deadly traps. Whoever reaches the Hold first can be sure the enemy is not far behind.

0019 Softback Adventure Supplement (104 pages)

WARHAMMER COMPANION

A rare mixture of diverse materials for GMs and players of Warhammer Fantasy Roleplay. Contains four complete adventurers, plus articles presenting new character careers, spells, magical items and advanced rules, and a special section devoted to Jack Yeovil's Warhammer novel, Drachenfels.

0035 Softback Rulebook/Adventure Supplement (96 pages)

DUNGEONQUEST

Dare you face the Dragon's challenge?

The eerie ruins of Dragonfire Castle, standing atop the sinister peak of Wyrm's Crag, were abandoned long ago. But far beneath the castle's shattered stones, nameless horrors still prowl the gloomy dungeons, while a terrifying shadow stirs in sleep...

Dungeonquest is a thrilling fantasy game for 1-4 players. Riches, fame and glory await the hero who overcomes the dungeon's monstrous inhabitants and finds the Dragon's fabled hoard. But beware the setting of the sun, for if nightfall finds you still within the dungeon's maze, there is no escape.
